HAVE A SAFE TRIP HOME

To all of the Summer Conference attendees...

Thank you all for coming to the 2018 Summer Conference! You will see on the agenda that we have several interesting and knowledgeable speakers that will present this year. We have also arranged some recreational activities to relieve the stress of driving here, learning, and serving the public! So, your only job the next few days is to relax, mingle and soak up all the knowledge that will be presented. We also have some of our most favorite vendors joining us. Be sure to thank them for supporting our projects. Remember, this is a "NOSTRESS ALLOWED" conference. If you need anything we'll, maybe not "anything" contact one of the hosts and we will see if we can help.
